## **Vacation and School Closure Policy**

\*\* Tuition is based on a 48 week average: 4 weeks in a month multiplied by 12 = 48. When there is 5 weeks in a month we do not charge extra, we reserve the right to take the extra week back in the form of a school closures at some point through out the year. 52 weeks minus 48 weeks leaves us 4 weeks or 16 classes a year to be closed without affecting a students tuition.\*\*\* For more information please check our Policy Manual in the Student Area of the Online Academy.

## **Snow Policy**

If West Vally School District is closed due to snow or weather than so is our school. Please check our policy manual for details on how we communicate those weather events and closures. For more information please check our Policy Manual in the Student Area of the Online Academy.
